

EVENTI E COMUNICAZIONE

THERE IS AN
IMMUTABLE LAW IN BUSINESS:
WORDS ARE WORDS,
EXPLANATIONS ARE EXPLANATIONS,
PROMISES ARE PROMISES, BUT
ONLY PERFORMANCE IS REALITY.

Quality and practicality
make **Mood**
the ideal partner
for your organisation.

FOR
COMMUNICATION
WITHOUT
IMITATION.

BEHIND **EVERY BRAND** THERE IS
ALWAYS A **GREAT IDEA**.
GREAT IDEAS ARE ALWAYS THE
SIMPLEST. ACHIEVING YOUR OBJECTIVE
WHILE KEEPING IT SIMPLE DEMANDS
CONCENTRATION, PASSION AND
CONVICTION.

The strength of **Mood's** policy is that we offer our Clients a full and integrated service that takes into account every aspect of communication with the people they need to address. To create a simple but strong sense that you are different, it is essential to have a clear and persuasive vision that is expressed in all you do, in the product or service you offer, and in the environments you create, even in the people we work with and in the way we speak of you and ourselves.

Mood's objective is to enable you to project your image in an impactful way, by combining creativity, design and tried-and-tested skills.

We achieve this thanks to:

- The specific experience of each of our divisions, which guarantees the high quality of every project we undertake;
- A wealth of complementary resources, enabling us to cover every aspect of creating and projecting your corporate image, with complete consistency;
- A flexible structure, which enables us to respond rapidly to requests to modify projects and meet urgent needs.

Our Clients are **supported at all stages** from logo and visual identity design to communication in print and in the new media; from website construction to the creation of stands and displays that will capture public attention.

*ANYONE CAN FIND FASHION
IN A BOUTIQUE OR HISTORY IN
A MUSEUM, BUT A CREATIVE
PERSON FINDS HISTORY IN AN
IRONMONGER'S AND FASHION AT
AN AIRPORT.* ROBERT WIEDER

We conceive and create an image and a language for you by **combining creativity, the ability to express an idea succinctly, knowledge of production techniques, and attention to the prevailing social dynamics.**

Our task consists in identifying and studying a brand identity - the outward expression of a brand. This includes everything, from the name and visual aspects to the feelings it engenders. It is through your brand identity that you become recognised by consumers. It involves all the associations your brand evokes in the consumer's imagination. The aim is to make identity and image coincide.

Creation of a brand image – that is the overall impression a company or brand conveys to the general public, design of a logo - vital if the brand is to have an immediate, and immediately recognisable, visual identity.

CONSIDER YOUR REPUTATION AS THE MOST PRECIOUS JEWEL YOU WILL EVER POSSESS. BUT REMEMBER, A REPUTATION IS LIKE FIRE: ONCE YOU HAVE LIT IT, IT IS EASY TO KEEP ALIVE; BUT IF YOU LET IT GO OUT JUST FOR A MOMENT, RELIGHTING IT CAN BE VERY DIFFICULT. SOCRATES

Once the target audience has been identified in consultation with the Client, our image division devises communication tools that will effectively convey the company/organisation's messages and values.

Mood plans and manages communication, using different channels to get the message across. We propose various solutions, tailored to the client's needs.

- Identity Suite
(labels, packaging, headed notepaper...)
- Catalogues and brochures
- Files and folders
- Invitations and cards
- Calendars
- Publications for events,
conferences and trade fairs
- Advertising material
- Photographic services
- Printing

MOOD WILL DESIGN YOUR PERSONAL STAND

Mood's exhibition stands and displays are customised and complete, right down to the last detail. The agency provides support at every stage: planning, manufacture, transport, erection and recovery of materials. **Mood** assists its Clients before, during and after an event, taking care of all the organisational, bureaucratic and logistical procedures. This means that Mood takes care of trade-fair and customs certificates and other paperwork, and supplies catering services, hostesses and gadgets.

The agency can provide **made-to-measure stands and displays**, designed with attention to detail to make a strong impression. The high quality of each project undertaken by Mood is the result of careful analysis of the needs of the company concerned. Clients can choose between hiring or purchasing complete stands/displays or individual fittings, standard or customised.

All the solutions proposed by the agency are perfectly suited to trade fairs, exhibitions, conferences and other events. The special attention paid by Mood to image design ensures that every project is functional and fit for purpose. Various solutions are possible, ranging from graphics to poster design, brochures or flyers to video clips and animated cartoons presented via multimedia.

Mood undertakes and coordinates all stages of event planning. We organise, manage, coordinate and provide support to Clients taking part in exhibitions, trade fairs, workshops, conferences, demonstrations and official openings. We also research suitable venues for cultural, artistic and image-building events, and perform press office functions, contacting journalists, drafting and sending out ad hoc press releases, and conducting press reviews after an event.

TO GET THE RIGHT ANSWER, YOU HAVE TO ASK THE RIGHT QUESTION

Our work begins with a probing market survey, essential for identifying a company's goals. Straightforward but targeted planning, based on analysis and consideration of alternative solutions, while never losing sight of the goals to be achieved, completes the preparation of the communication plan. We then decide what promotional materials are needed and select the most appropriate channels for getting the message across.

These procedures make it possible to draw up a global communication plan and arrange suitable advertising and promotional activities.

It is also part of **Mood's** brief to devise projects to create and/or consolidate a Client's corporate and institutional image with its principal target audiences in mind. This involves planning, writing and editing news items about the company's activities, events it is organising and promotions; preparing information materials for the press and other media; and managing mailing lists and newsletters.

Afterwards, we assess the results, to make sure the objectives have been achieved.

TRYING TO SAVE MONEY BY NOT INVESTING IN COMMUNICATION IS LIKE TRYING TO SAVE TIME BY STOPPING YOUR WATCH. HENRY FORD

We select, filter and channel the flow of information from our Client company to the media.

The principal channels we use are daily newspapers, the radio, TV and, magazines, enabling the Client to reach both restricted target audiences and the public generally.

The press office performs many and varied tasks, such as:

- Gathering and filing basic documentation concerning the company;
- Daily press reviews, creating thematic files;
- Checking sources, news items and references to the business, and tracking down documentation;
- Writing and sending a series of customised reports to journalists, press agents, and political, local government and cultural figures;
- Promoting and organising conferences and special events;
- Identifying the strengths of the organisation for promotional purposes.

Each month, the Client receives a **detailed report** on progress, accompanied by an up-to-date press review.

COMMUNICATE

AMAZE

YOUR LOCAL AREA IS A VITAL SYSTEM AND AS SUCH IS CONTINUALLY COMMUNICATING

Mood specialises in local marketing, promoting traditional local products and organising wine-related and gastronomic events.

Much of **Mood's** experience derives from working with the National System of Protected Areas, for which it has planned and conducted many promotional campaigns and events over the years.

Local marketing involves promoting traditional local products by communicating in ways that highlight their development potential and socio-economic and environmental characteristics, and stimulate business enterprise locally, nationally and internationally.

Mood performs this task by organising events, seminars and workshops, focusing on image in support of companies that take part in domestic and international trade fairs.

The agency operates in three sectors: agriculture and the food industry; small and medium-sized enterprises and firms producing quality crafts items; tourism.

Mood plans, organises and coordinates the participation of local companies in major national and international trade fairs.

Mood works to promote the local economic system and attract new investment. We promote the local area by organising and taking part in events, in synergy with the local economic and institutional system. Strategies and tools for promoting the local area are planned to work in harmony with the development policies pursued by local institutions.

Mood's mission also involves attracting new investment, acting as intermediary between Italian and foreign businesses and investors and as a point of reference for institutions, agencies and trade associations. In addition, **Mood** participates in special projects undertaken by institutions, agencies and subsidiary companies in connection with activities intended to promote the local area.

EXAMPLES OF MOOD'S ACTIVITIES

- Biz Travel, **Milano**, November 2013
- e-volve **Dubai**, December 2013
- e-volve **Monaco**, January 2014

DON'T BE AFRAID TO GET YOUR IDEAS CIRCULATING

Mood is also an important player in the multi-faceted field of **web design**. The agency can point its clients towards solutions that meet their specific needs. The websites we construct are a creative way of enhancing the identity of a company/organisation, as we present the Client's values in harmony with the language of the internet. For each company, we define a precise, recognisable style that will differentiate it from its rivals. Mood also writes the accompanying copy, guaranteed to capture the reader's attention.

Mood creates both static and dynamic institutional sites, company and trade-related portals and e-commerce facilities. We also devise content management systems which enable the client to achieve an enviable level of management autonomy.

For all Clients for whom we have created websites, we also manage ancillary services: domain registration and maintenance, web hosting, electronic-mail, on-going assistance and training, and on and off-line promotion plans. Finally, we produce banners, music, film-clips and animations for multimedia.
